me: http://www.youtube.com/watch?v=L5UAMebM2sw
Clark: watching
Clark: me laughed out loud (rare event)---are you going to sell this to Will Ferrell, he would get nationwide play if he does it (it so cool you may get it doing it yourself)
me: trying to get it some play, not sure how to do so
Clark: green should be able to get you some big bucks for it, it is so just- over- the -edge
Clark: would Charles Johnson post it?
me: I sent it to him, he said it was funny but didn't suggest anything else
me: Johnson promoted it as a featured post but didn't really front page it
me: I sent it to a couple of bloggers, maybe you can do so as well?
Clark: another attack would be to modify it slightly to a Onion news video item: "Texas man provokes world outrage with live bible burning"
Clark: yeah i will pass it to some
me: great, I just posted it to Daily Kos, they'll hate it
Clark: "World epidemic of sacred text burning feared--Dallas man triggers virtual Jonestown of sacrilege"
Clark: Swiss Guards issued live ammo, take position in front of Vatican library."
Clark: "Rapturists decry clearest sign of end times yet"
Clark: Darn I was reading a slew of those nutty websites last month, I did not book mark any of them, if you send it to enough of them, one will post it.
me: yep, they all commented without watching it
me: http://www.dailykos.com/story/2010/9/10/15466/1745?new=true
me: I hate Daily Kos so much
Clark: did you put it on faster times
me: I don't know how to embed there
me: it's all screwed up
Clark: i have forgotten my reddit name and password, did you send it in to reddit, if not I will open a new acct
me: Might as well make a new account
me: I submitted it to atheism, but you can submit it to another subreddit
Clark: ok
Clark: will do
Clark: sent it to reddit video
Clark: guy says white lighters are bad luck http://www.reddit.com/r/videos/comments/dc8j9/sacred_text_burning_goes_viral/c0z42z2
